

Jeanette Werstler HB5327

Dear Committee Members,

I support HB5327. I know having qualified homeopaths in Connecticut will improve health care for those of us who want to make that choice. I live in Woodstock, Ct and there is one homeopathic doctor in our area. This is a wonderful thing for the 7,000 people who live here. Please approve homeopathy this year.

Thank you.

Sincerely,

Jeanette Werstler
